Notes:

1. The fee for any minister officiating at an interment has to be negotiated directly with that minister or his organisation and if it is required that the fee is paid by Alcester Town Council on behalf of the client the necessary fee must be included along with the interment fee.
2. The interment fee and the accompanying interment notice must also be paid at least three working days prior to the interment to allow time for the administration and grave digging, which must be completed well before the interment takes place.
3. In the case of a child under 18, no charge will be made to the bereaved family by Alcester Town Council. All fees payable will be recovered direct from the Children's Funeral Fund for England.
