Welcome to the Stratford-on-Avon District Council Plan for 2019 to 2023

We are ambitious for the future of the District as an excellent place to live, work, learn, visit and invest.

The plan sets out our vision for Stratford-on-Avon District as a place in 2030 and for local government in 2030.

The core of the plan is a set of ambitions and actions for the Council over the next four years under five key objectives:

- Working on regional, national and international stages
- Responding to the climate emergency
- Enhancing the quality of Stratford-on-Avon as a place
- Nurturing a thriving, innovative and inclusive economy
- Putting residents and communities centre stage

The draft vision and plan was the subject of public consultation in summer 2019 and the contents were informed by two workshops with the Council's key local partners.

We look forward to working with residents, local communities and our partners to deliver our ambitions for 2023 in the context of our longer-term vision for the District.
