**Meetings:** The Planning Committee met on 15 occasions throughout the year, and considered over 80 Planning applications, all of which are minuted (see the Town Council website). Objections were made on 19 occasions. Site visits were conducted on 2 occasions, and public representation occurred at 6 meetings. Committee members attended 3 Stratford on Avon Area Planning Committee B meetings.

**Please note** that in the parish of Alcester, Stratford on Avon District Council (SDC) is the planning authority and as such process all planning applications and make decisions on each application. Alcester Town Council is a **statutory consultee** in the planning consultation process. It does not make decisions.

### Applications of significance:

SIG Roofspace, Alcester Heath (19/02996/VARY): Variation of Conditions 2, 8, 10 and 15 to amend the plans to include a proposed 21-space staff car park within planning permission reference 17/03089/FUL. Objection was made based on concerns for both the safety of large vehicle movements and cars accessing the site at the times proposed. REFUSAL OF VARIATION

Garages, North of Castle Road (19/02449/FUL)- Demolition of all existing garages and construction of five dwellings, creation of associated parking area and all other associated works : An objection was made as it was considered to

be over development and the car parking was not well designed. The proposal was amended and the objection withdrawn. PERMISSION WITH CONDITIONS

**Alcester Neighbourhood Plan:** A Steering Committee was appointed in 2017, chaired by Wendy Mills, and met on a number of occasions. The plan focusses on five main areas: Housing and the Built Environment, Economy, Transport and Infrastructure, Community, Leisure and Well-being and the Natural Environment; for which working groups were established. Public consultations were held on draft plans, and following comments and amendments, a Submission plan was put forward for independent examination. The Examiner recommended that the plan be put forward for referendum which has now been cancelled due to the Covid-19 emergency.

Once the Plan is adopted by SDC, anyone submitting planning applications must comply with the policies in order that future development respects the needs and character of the town. Alcester will also benefit from additional money that developers will have to provide for local infrastructure and facilities.
